

Board meeting in Würzburg/Germany

Thanks to the invitation of the *Hochschule für Musik Würzburg* the board held a meeting from April 28 to 30, 2004, in Würzburg/Germany. During three busy days the board intensively discussed the future role of the National Coordinators, the implementation of the well institutionalised International Student Forums into the annual conferences and a lot of administrative proceedings. Other important topics were the future EAS conferences, the new website and a detailed discussion of the EAS-Charta.
